GUERRILLA WARFARE IS RAGING BETWEEN TWO IRISH FACTIONS

**HOSTILE TROOPS OF ULSTER AND
FREE STATE FACE EACH OTHER
ON ULSTER FRONT**

**SNIPER SHOOTING IS TAKING
PLACE ACROSS RIVER DIVID-
ING FORCES**

(By United Press.)
On the Ulster front, Caledon County, Tyrone, March 23—Snipers' rifles were shooting across the Tyrone border early today.

Along the Monaghan frontier, Ulster volunteers and Irish republic army troops are facing each other across a new no man's land.

Shallow entrenchments have been hastily thrown up. Both sides are ready for the threatened civil war. The trouble along the Ulster border is the climax of a series of raids into Ulster by Sinn Fein extremists. Ulster constabularies have been rushed to protect the Tyrone frontier, and Irish republican army troops apparently striving to create trouble and upset establishment of a Free State have been reinforced until the situation assumes the aspect of guerilla warfare.

The Black Water river flows between the opposing forces near this little market town which is held today by Ulster constabulary. Across the narrow river the ping, ping of snipers' bullets came at dawn. So far Ulster troops have been under orders not to fire except when attacked.

\$200,000,000 DEFICIT EXPECTED THIS YEAR

(By United Press.)
Washington, March 23—The treasury estimates a shortage this year of approximately \$200,000,000 because income tax payments of March 15th have fallen considerably below previous estimates. It was stated by officials at the department today.

The house was preparing to increase the fiscal burden by passing the soldier bonus.

GOES TO TRIAL ON 6 YEAR OLD CHARGE

(By United Press.)
Hastings, March 23—Henry Belling, 48, will go to trial in Dakota county court here next week on a charge which is six years old.
Belling was arrested in St. Paul last Saturday and brought here. He is charged with robbery in Dakota county in 1916. He was indicted shortly after the robbery but never arrested. He was sentenced to Stillwater in 1914 and served a seven year sentence.

EARTHQUAKE SHOCKS ARE FELT IN SIX STATES

(By United Press.)
St. Louis, March 23—Persons of six states were slightly rocked by an earthquake today, according to observers at St. Louis observatory.

These states felt the shock which occurred last night: Upper Illinois, South Missouri, southern and western Kansas, northern Arkansas and northern Tennessee.

The first severe shock was, according to the seismograph, at 4:30 p. m. Slight tremors were registered at 4:37, 4:49 and 8:22.

In southeast Missouri and Illinois the shocks were very pronounced although no property damage was reported. At St. Louis the shocks were very slight.

Third Quake
The third earthquake tremor in two days shook Poplar Bluff, Mo., today. The shock was of moderate intensity and long duration. Windows were rattled, but no damage was reported.

REDUCE NAVY TO 12 BATTLESHIPS

(By United Press.)
Washington, March 23—Secretary Denby and other high naval authorities have threatened to cut the navy to 12 battleships, six less than the number allowed the United States under the 5-5-3 ratio if the arms conference in case congress passes the bill reducing the enlisted navy personnel to 65,000 men, it was learned today.

BRITISH SUBMARINE SUNK; 23 DROWNED

**IS RAMMED BY A DESTROYER IN
THE MEDITERRANEAN
OFF GIBRALTAR**

(By United Press.)
London, March 23—The British submarine H-42 sank off Gibraltar with all hands following a collision with a destroyer, according to an Exchange Telegraph dispatch from Gibraltar today.

The British admiralty today stated the H-42 carried a crew of three officers and twenty men. No official confirmation of the reported sinking has been received.

London, March 23—The British submarine H-42 sank in the Mediterranean off Gibraltar following a collision with a destroyer today, according to an official announcement from the admiralty.

An Exchange Telegraph message said all hands had been lost.

The H-42 carried a crew of 20 men and three officers. The admiralty report said the H-42 was rammed by the Versatile.

"It is feared the submarine was totally lost with all hands," the communication said.

Scion of Wealth Undone by Moonshine and a High Powered Roadster

(By United Press.)
St. Paul, March 23—Some third rate moonshine, a high-powered roadster, ash cans and telephone poles, all combined last night to send Warren B. Strong to the workhouse for 45 days.

Strong is heir to about one half of the million dollar estate of the late Freeman P. Strong—providing under the terms of the will filed for probate Tuesday—that he abstain from the use of liquor and drugs.

Strong was denounced as a "mad man" and a "menace to the city" by Judge J. W. Boerner in police court this morning. Pleas for leniency were flatly denied.

MIKE GIBBONS SIGNS TO MEET HARRY GREB

St. Paul, March 23—Mike Gibbons has signed to meet Harry Greb, conqueror of Tommy Gibbons, Mike Collins, Gibbons' manager, announced today. The bout will go twelve rounds and will be held at Tex Rickard's arena May 1.

MINERS PLAN FIGHT TO A FINISH WITH COAL OPERATORS

LEWIS TAKES PLAN TO CLEVELAND FOR "WAR COUNCIL" DISCUSSION

(By United Press.)
New York, March 23—President Lewis of the United Mine Workers, leaves today for Cleveland carrying a plan for a "fight to a finish" with the operators in the coal tie-up scheduled for April 1. The plan will be discussed by the general policy committee of the union at its "war council" opening tomorrow.

Union leaders are determined to go through with the campaign that has been outlined to force operators to meet them in a conference to draw up a new contract.

Separate State Agreements May Avert Strike

Indianapolis, Ind., March 23—Separate state wage agreements between miners and operators may yet avert the nation-wide coal strike, it was learned today at the United Mine Workers' headquarters here.

Whether the strike actually materializes depends now upon the power internal officers of the union are able to exercise over their subordinates at a meeting of their policy committee in Cleveland tomorrow.

Protect Public Against Violence

Washington, March 23—The government will protect the public against any violence that might follow a walk-out of coal miners April 1, Attorney General Daugherty announced today. "I am not taking sides in this matter, but I wish to make it clear that the public will be protected," he said.

Jury of All Women Clears Actress in Suit

Chicago, March 23—Illinois had its first experience with a solid jury of women yesterday. It was impaneled in Evanston and in exactly three minutes returned a verdict for a woman defendant, Miss Frances Kennedy, a vaudeville actress.

The plaintiff was Morris Kutok, tailor. He had sued Miss Kennedy for \$175, the price of a gown. She ordered the garment in February and it was delivered four weeks later.

Miss Kennedy declined to pay on the ground that a gown was out of style in four weeks. The jury agreed with her.

After the verdict she invited the entire jury to her show and gave each member an autographed portrait of herself.

Stop, Look and Listen.

2 SCHOOL BOYS DROWN IN POND THIS MORNING

(By United Press.)
Minneapolis, March 23—Two small boys were drowned and a third who attempted to rescue them barely escaped with his life in a puddle filled with snow water near the Robbinsdale school this morning.

When the morning recess bell rang, Stewart Grenell, six, ran to the pond near the school. He started wading with a new pair of rubber boots. A few feet out he sank in five feet of water and came up gasping for help. Robert Christianson, eight, went to his rescue. He too went under. William Fuller, six, started after his companions, stepped into the deep water and was almost drowned when he was pulled from the water. The bodies of the other two were recovered. Physicians could not revive them.

NORTHWEST NEWS

(By United Press.)

Educational Convention
Winona, Minn., March 23—The annual convention of the southeastern Minnesota Educational association opens here today. Teachers from practically every town in this section of the state are expected to attend the conference which will last three days.

Change Name of College

Fargo, N. D., March 23—A long agitation among students and alumni to change the name of the Fargo state institution from Agricultural college to North Dakota State crystallized this week when the Spectrum, college paper, took up the movement. Results are expected.

A small majority favored North Dakota Agriculture and Mechanics.

More Settler Movement

Williston, N. D., March 23—One hundred thousand more settlers for Northwestern North Dakota is the aim of a newly formed development association of which F. P. Bergman of this city is president. S. T. Westdahl, also of Williston, is secretary.

The promotion of better farming is also an aim.

Editors Organize

Williston, N. D., March 23—Editors in northwestern North Dakota have organized a sectional editorial association of which F. E. Farrell of Grandville is president. The summer meeting will be held at Lake Metigoshe or Williston.

These chiefs were selected from the present dry personnel including B. E. Hunt of Minneapolis, for Minnesota, North and South Dakota, Iowa and Nebraska.

PRETTY SCHOOL TEACHER MISSING IN TWIN CITIES

**WENT TO ST. PAUL FROM AVON TO
SHOP—LAST SEEN ON
SUNDAY**

(By United Press.)
Minneapolis, March 23—Search for Miss Lorraine Schneider, 25-years-old pretty country school teacher, centered in St. Paul today.

Miss Schneider came to the Twin Cities last Saturday from Avon, Minn., where she was teaching school. She stopped at the Andrews hotel. She is known to have purchased several hundred dollars worth of clothing. She was last seen at the hotel Sunday.

Harry Schneider and Miss Ida Schneider, brother and sister of the missing young woman, appealed to the police. They could ascribe no reason for her mysterious disappearance.

FOUR POWER PACT WILL PASS SENATE LATE POLL SHOWS

(By United Press.)
Washington, March 23—An eleven hour poll of the senate on the four-power treaty taken today by administration senators showed it will be ratified tomorrow with the Brandegee reservation attached by a vote of at least 69 to 27.

The poll also disclosed the fact that the danger of upsetting due to the desire of some republican senators to eliminate the Brandegee reservation is passed. Fewer than a dozen republicans would vote for a motion to strike out the Brandegee proposal.

All Foreign Quarrels Touch U. S. Interests

Washington, March 23—The last day of the treaty debate was opened today with a speech by Senator Colt, of Rhode Island.

Colt said old familiar arguments made against the treaty that the U. S. should not entangle itself in foreign quarrels had been answered for all time by the fact that from now on every foreign quarrel touches intimately the interests and well-being of the United States.

Wormwood

The kaiser's pet racing yacht was the Germania. He kept it at the Kiel Yacht club and dreamed of world power as it carried him on cruises. The war changed a lot of things. It changed the name Germania to Half Moon. It also changed the yacht's ownership. Gordon Woodbury of New York owns it now. He starts on the Half Moon for a cruise in the South seas.

When Bill Hohenzollern heard about this at his famous woodpile in Holland, it's a safe bet he broke his saw.

United States Leads World.

There are in the United States today more than thirteen and three-quarter millions of telephones. This is an average of 12.7 telephones for every 100 persons or, put another way, better than one telephone for every eight people. From a telephone standpoint this country is by far the best developed in the world. In fact, no other country is even a close second.

N. P. CONVENTION BEING HELD WILL DE- CIDE LEAGUE POLICY

Fargo, March 23—The crucial climax of the Nonpartisan League came today.

Whether the league will continue the policies of the last few years or turn over in its bed, was to be decided at a convention of the league today.

Arthur C. Townley, president of the league, thought it over in a Minnesota jail for three months. Before he was released from the Jackson county jail he gave the United Press exclusive authority to announce that he had hatched a new idea. The idea was that the league should no longer have political offices for its members, but should endorse candidates of other parties or independents for office. Since that time, under pressure of opinion, he has modified the idea to the extent that he believes the league should not run candidates for important offices such as United States senator, governor or attorney general.

The idea was called the "balance of power plan."

William Lemke is opposed to the idea. He was ousted as attorney general in the recall last fall and now is being groomed for the senatorial race by his personal followers. It was said.

A. A. Lederbach, chairman of the North Dakota executive committee of the league, is also opposed to the "balance of power" idea. Most of his followers are opposed to it. Townley says his plan has the support of the farmers. The convention will decide whether it is to go through.

GAG RULE ADOPTED FOR THE BONUS BILL

**WILL BE VOTED ON TODAY AFTER
FOUR HOURS' DIS-
CUSSION**

(By United Press.)
Washington, March 23—The four billion dollar bonus bill was taken up for passage by the house today.

The special gag rule enabling its backers to put the bill through without alteration was called up in the house shortly after it convened at 11 o'clock and the semblance of a fight was started.

The house overwhelmingly adopted the rule permitting the bonus bill to come up immediately "under suspension of the rules." The roll call for the bill stood 276 to 126.

ST. PAUL GRAIN DEALERS SUSPEND

(By United Press.)

St. Paul, March 23—E. T. Welch & company, grain dealers, voluntarily suspended business today for an indefinite period. Offices are maintained in St. Paul, Minneapolis and Duluth. Over-expansion during the last year is said to be the cause of the suspension, according to E. T. Welch. He said he had no idea what the effect on assets of the firm would be, but would make a statement soon.

BLIND MAN FOLLOWED WIRES ABOUT HIS FARM

**Learned to Read by the Braille
System and Used Bible
Often.**

E. M. Bowden, who died at his home near Rockdale, Tex., recently, was widely known as a successful farmer, although he had been totally blind for the last 60 years of his life. He kept in close touch with the work upon his farm, doing much of it himself. He was a bachelor and devoted his leisure time to discussing public questions with his neighbors.

In order that he might go from place to place upon his farm Bowden devised and had constructed an overhead trolley system. By following the wires which were strung upon short poles he was able to get around without assistance. One day a neighbor who called on him found him building a rail fence. At the time of his death Bowden was seventy years old. After losing his sight he learned to read by the Braille system, and was often seen reading the Bible by the sense of touch. He maintained an interest in the outside world and was a subscriber to several papers, which kind neighbors would read to him.

CITY LIBRARY NOTES

The following new books are to be found on the rental shelf:

Adams—"Success". The story of an obscure western telegraph operator who becomes a big New York newspaper man, a very wealthy girl, a noted singer and a great statesman.
Bower—"Lure of the Dim Trails". One of the ever popular western novels.

Curwood—"Isabel". A love story of the far north with one of the Mounted Police as the hero.

Helgesheimer—"Cytherea". A keen analytical study of the upper strata of our shifting American society, giving especial attention to the restless man of middle age. We have had so many stories of women of middle age, but now man has come into his own. A story of marriage from a man's angle—very beautifully written setting forth problems in an interesting vivid and honest way.

Norris—"Brass". A story of marriage and divorce that is happening everywhere. It is written by the husband of Kathleen Norris. A question that is being discussed everywhere by everyone—and stated fully and fairly in this book. Thirty-six editions of this book have already been sold.

Raine—"A Daughter of the Don's". A story of the Southwest.

Sinclair—"Big Timber". A western tale.

Wodehouse—"A Damsel in Distress". The story of a girl who, in coming to London to meet the man with whom she has fallen in love in Wales during her summer vacation, meets her brother unexpectedly and, in hiding from him, runs into all sorts of adventure. Humorous.

Viele—"Myra of the Pines". The story of an attempt to colonize a pine country and a big fire.

Dowd—"When Polly Was Eighteen". Polly of the Hospital staff grown up.

Benet—"The Beginning of Wisdom". The story of a boy. It is vivid dynamic and magnificently young. The first prose work of a poet.

Other books recently added to the shelves are:

Belisle—"American Family Robinson". The adventures of a family lost on the great American desert.

Darwin—"Origin of Species."

Varesi & Byrne—"Enter Madame."

Gift of Drama League.

MAPLE GROVE UNIT

Met at Home of Fred Segler, Program an Interesting One, Haywire Orchestra Played

The local unit of Maple Grove township held its regular meeting at the home of Fred Segler March 11.

A sum of money was raised for the purpose of buying dishes for the Unit.

The program committee gave a very interesting program consisting of comic readings, songs, dialogues and selections by the "Haywire" orchestra.

Everyone partook of the bounteous luncheon served by the ladies.

The evening was spent in games and dancing. The Unit was invited to meet at the home of Dewey Hillman, April 8, 1922.

Everyone is cordially invited.

BIG GAMBLING RAID LAST NIGHT

Seven Arrested for Playing Poker,
One Man Charged With Frequent-
ing Gambling Place

6 WERE IN COURT THURSDAY

Three Kings Held by One Player Won
Nothing When Five Cops Enter-
ed 514 Front Street

Police working under the direction of Chief Charles H. Varner carried out a big raid Wednesday night when they arrested seven alleged poker players, one spectator and seized a large quantity of gambling paraphernalia in the basement of 514 Front street.

Thursday morning the municipal court carried the display of stuff which included two tables police allege were used for playing poker, four decks of cards, a cigar box containing several hundred red, white and blue poker chips, four decks of cards, 13 chairs and cash amounting to \$44.50.

According to Chief Varner, he sent Captain Graff ahead to the pool room at about 11:45 p. m. Graff got to the bar and to the proprietor before the latter, said Graff, could use a push button and warn the players below. He then stepped out from behind the bar and Chief Varner, Officers Rieberg and Abrahamson and Special Officer John Beaumont then walked down stairs to the basement, where they allege a game was in progress in a room. The arrests were then made.

The room measures about 12 by 20 feet in size, said Captain Graff, and has walls of beaver board. Within were two tables. One table was being used and seven players were seated there. One man was looking on.

One of the players held three kings, but a full hand of cops beat that array, it appears.

In Court Thursday
In court Thursday morning at 10 o'clock Judge J. H. Warner called the names of seven charged with gambling. A response was made by five, being Eugene Weber, William Britton, F. E. Riggs, Ben Phillips and Clyde Stowell who pleaded guilty and were fined \$25 or 20 days each. Britton, Weber and Stowell said they were unable to pay their fines immediately and asked a stay of 24 hours which was granted.

J. W. Warrick did not answer to his name when called. Police said he had deposited \$25 bail. He is a Minneapolis traveling man, it was said.

Ralph Sheets did not answer the judge's roll call and it was stated he had hired a lawyer and that the case would come up at 2 p. m. Thursday afternoon. That completed the list of seven alleged players.

H. L. Tomlinson, charged with frequenting a gambling place, pleaded guilty, and was fined \$10 or 5 days.

Statement of Raid
In his statement of the raid made, City Attorney D. H. Fullerton said it was made in the basement of the Ransford pool hall located at 514 Front street. He charged that a game of poker was conducted there, and that a signal device was operated from the billiard room above to the gambling room below.

"These men", said Mr. Fullerton, referring to the warrant issued, "were playing poker, and on the tables were chips and \$44.50 in cash. No resistance was made when the po-

lice entered the room, there was no fighting or trouble of any kind with the officers."

In regard to Warrick, the city attorney asked the \$25 cash bail put up by him, be forfeited and that a warrant be issued.

The game, said Mr. Fullerton, was conducted by the proprietor who was absent at the time, and he believed Weber and Stowell operated the game for Jones.

The court room and corridors were crowded with spectators.

CHRISTIAN ENDEAVOR DISTRICT MEETING

To be Held in Brainerd, First Presby-
terian and Peoples Congrega-
tional Churches Hosts

MEETS ON MARCH 24, 25 AND 26

Great Addresses, Fine Conferences,
Inspiring Music, Wonderful
Banquet, Etc.

The district convention of the Christian Endeavor in Brainerd, March 24, 25 and 26 is sponsored by the First Presbyterian and the People's Congregational churches.

It will be a season of great addresses, fine conferences, inspiring music, a new boys' organization, consecrated quiet hour services, a momentous decision service, a wonderful banquet.

"We are planning to make the Christian Endeavor the greatest power for good in the district," said Ernest M. Ligon, field secretary. "Four million are enlisted. Yes, 4,000,000 young people of this world are saying: 'Trusting in the Lord Jesus Christ for strength, I promise Him that I will strive to do whatever He would like to have me do.' Two thousand are enlisting every day. Hundreds are enlisting in our district. We are out on the biggest, hottest, fighting campaign we have ever had. We must lead Minnesota; Minnesota must lead the world. Everybody get in the fight."

The central district embraces Brainerd, Aitkin, Crosby, Ironton, Staples, Little Falls, St. Cloud, Foley, Morris, Glenwood, Alexandria and Sauk Center. St. Cloud has already sent in a group of registrations. The outside attendance at the convention is expected to mount to 60 or 70 visitors, principally young people, plus the large corps of speakers.

On Friday night, March 24, the convention opens with the large banquet at the Chamber of Commerce rooms given by the local Christian Endeavor society, of the two churches named. W. E. Haydon, president of the Chamber of Commerce, will welcome the delegates. Rev. S. M. Kelly of the First Presbyterian church will speak in behalf of the churches. Miss Caniff will speak for the societies and a response will be made by Mrs. Bailey of Foley, district president.

Prayer Meeting

The prayer meeting of the First Baptist church will be held Thursday evening at 7:45 o'clock. A good attendance at this important service is urged. Let every member of the church do their best to be present.

SHRINKING FUNDS LIMIT ROAD WORK

State Department Moving to Repeat
Records of 1921 but Cannot Expand
to Gain by Low Costs

TEMS ADDED—REVENUES DROP

Bond Interest Takes Trunk Funds—
Federal Aid Reduced—Less Left
For Road Uses

Winter and early spring contracts together with maintenance and other fixed charges taking the available trunk highway funds for 1922, which are greatly reduced in comparison with the 1921 total, Charles M. Babcock, state highway commissioner, today cancelled the call for bids April 6 on projects estimated at nearly \$500,000 and announced that no additional construction can be undertaken this year.

Results this year on the trunk route system, however, will compare favorably with those last season, in spite of the reduction in available funds, the commissioner said. New construction is well up to the mark set, he said, and maximum provision has been made to continue maintenance operations on virtually the same lines as last season.

The unfortunate side of the situation as viewed by highway officials, Mr. Babcock said, is that the state is without extra funds to build needed highways on a bigger scale now that bids demonstrate that \$4 will do the work of \$5 last season. Indications are that the lowest price levels have been reached and costs may go up next year, he continued, but the state cannot take advantage of the unusually favorable conditions because special legislation is necessary and the next regular session of the legislature will not open until January.

"Always striving for and taking pride in creditable results under the new plan, the highway department naturally regrets that it is obliged to rather curtail operations instead of speeding the program under the most favorable conditions now existing," said Mr. Babcock. "Good business judgment ordinarily would call for enlargement and expansion this season. Savings possible under present costs would more than offset interest charges on borrowed money, and the public would gain also by getting the use of the improved roads for longer periods without additional expense. A creditable showing is expected but with funds limited, and decreased in a ratio double the cut in prices, no new records can be hung up."

Official figures were given out to afford comparisons between the amounts used in 1921 and those available for trunk highway purposes this year:

Motor vehicle taxes	1921	1922
Source—	\$5,616,000	\$5,577,000

1920 Bal.	73,000
Fed. highway aid	2,840,000
1921 Bal.	2,123,000
County Reimb. bonds	440,000
.....	4,250,000
.....	2,400,000*
Totals	\$12,706,000
*Net 1922 total available, after interest payments.	\$10,613,000
Disbursements and charges to be made against the 1922 total of \$10,613,000 are listed as follows:	
Liabilities—	Amount
Co. Reimb. bond projects	\$ 4,075,000
Winter work program	2,002,000
Maint. required by law	2,230,000
Contracts awarded Mar 10	850,000
Uncompleted 1921 con.	823,000
Surveys, right of way, etc.	383,000
Administration	150,000
Total	\$10,613,000

County reimbursements bond projects on trunk highways which top the list include the paving from St. Cloud north beyond Little Falls at \$900,000, Red Lake county work at \$175,000 and many smaller jobs to be built this season. The Northfield-Westcott paving contract at \$700,000 was part of the winter work program to speed the highway program and relieve unemployment. These and other items show how the department put 1922 work under contract early and at low prices while the 1921 projects could not be started until June.

John H. Muller, deputy commissioner and chief highway engineer, pointed out that trunk funds were practically intact on June 1 last year, owing to delays in necessary legislation, and for that reason over twelve months, although revenues are decreased and interest charges, also uncompleted 1921 work must be paid from them.

The effect is shown in numerous ways and particularly in the maintenance fund. Maintenance forces began operations about June 1 last year with \$2,225,000 to use, the law fixing the amount at 40 per cent of the annual motor vehicle tax revenue after \$150,000 is deducted for administration. This year spring break-up and other early operations will take about \$700,000 and the maintenance fund balance on June 1 will not exceed \$1,800,000, it was officially announced.

Parallel comparisons based on official highway figures disclose that less than \$3 will be available for actual trunk highway work this year against \$5 last year and the reduction will offset more than twice the drop in prices. The figures were announced following conferences to work out every possible economy and spread the maximum benefits, highway officials asserted, and the state will get the biggest gain to be had on the low costs but not the measure which could be hoped for.

A Monopoly.

We never know what the future has in store for us—and the worst of it is we can't go to any other store.—Boston Transcript

WATER AND LIGHT BOARD GIVES PLANS

The Northeast Brainerd Improvement League will hold its regular meeting Monday evening at 8 o'clock in the Lowell school. The chairman will complete the report of their respective committees.

The water and light board will present the plans of anticipated extensions and improvements which they deem necessary for the completing of the system. This meeting will be in the manner of an open forum and they are anxious for any suggestion that will help them to be more efficient in planning for the larger service to the city as a whole. Every citizen of Brainerd is welcome and it is hoped that a large number of interested people will be out.

NOTICE

Mrs. Elizabeth Hughes of Minneapolis will be at the Ransford hotel Friday afternoon and evening to display a beautiful line of Silk Lingerie and Robes and imported Swiss Breakfast Coats. All are cordially invited to meet her and see her beautiful line of garments.

34 vs. 66

Swift's Premium Ham and Swift's Premium Bacon are produced from only the best hogs. Many of the animals we buy do not furnish meat of Premium quality.

Since these are the choice cuts from the best hogs, cured and smoked in the best way, with scientific care and precision, they are naturally in great demand; but these cuts, with the loin from which pork chops come, represent only about 34 per cent of the live animal.

The remaining 66 per cent consists of the cheaper cuts, such as spare ribs, shoulders, trimmings, pigs' feet, lard, etc., and shrinkage in dressing and curing. Shrinkage is equal to one pound in each five, and has no value whatever.

That is why the prices of "Premium" Ham and Bacon and pork loins are higher than the price of the live animal.

Everybody wants them—and yet they are only about one-third of the entire weight. "Premium" Bacon alone is only about 8 per cent.

The great demand for the choicer cuts, and the smaller demand for the cheaper cuts, constitute the reason for the comparatively higher price of the one-third, and the lower price of the other two-thirds. (Some of the lower priced cuts sell at less than the per-pound price of the live animal.)

It is only by utilizing all possible by-products and exercising the utmost skill and efficiency that we are able to average a profit of a fraction of a cent a pound on all our business.

N. B. Some very delicious dishes can be prepared from the cheaper cuts.

We'll Back the Farmer

This bank stands squarely behind all those things which serve to ease the problems of rural life and promote the general welfare of the farmers.

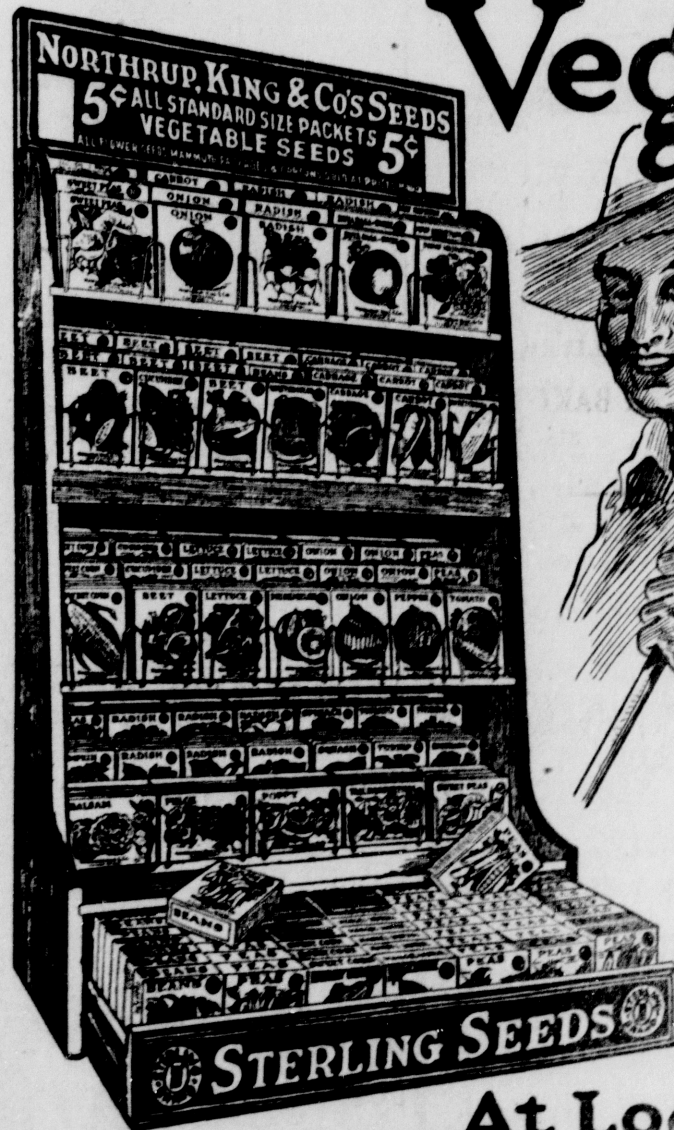

We're vitally concerned about poor yields, inadequate market facilities, low prices, insufficient credits, lack of transportation and every such problem affecting the farmer.

We want each farmer in this section, whether a customer of this bank or not, to know that we accept his problem as our own and offer him our help to satisfactorily meet these conditions.

MARKET REPORTS BY RADIO

ROBERT McDUGHAL, president of the Chicago Board of Trade, recently declared that the farmer need be no more than 30 minutes behind his city-brother in receiving news of the factors which determine prices of agricultural products. The statement was made in referring to the Board's plan to broadcast crop market reports by radio telephone.

The radio system, which will cover a territory within a radius of 500 miles of Chicago, Mr. McDughal characterized as "the greatest forward step in 2,000 years" in bringing the farmer in contact with the factors that make the price of his product.

Complete control by the Department of Commerce of radio telephone transmission stations, through amendment of the existing laws, and the allocation of wave lengths to the various classes of service, were recommended in a report of the Technical Committee named by the recent radio telephone conference held under the auspices of the government. The committee held that radio telephone transmission is a public utility, and that federal regulation and control is the only solution to the chaos of interference. Unless there is a definite regulation of all telephone transmitting stations, the whole system will be destroyed by interference, the report states.

QUIBBLING OVER RESERVATIONS

THERE are several United States Senators who would probably insist upon tacking reservations or amendments to the Ten Commandments if brought before them for ratification. Witness the quibbling and picking of infinitesimal flaws of treaties which have passed Hughes, Root, and Lodge, and are approved and urged by President Harding.

For instance, an amendment is demanded providing that this country shall not go to war unless Congress so votes. Every schoolboy knows that only Congress has power to declare war, treaty or no treaty. The only effect of such an added proviso would be to suggest to the other signatories that we were hesitant and doubtful.

It would be a great disappointment to the American people, to say nothing of the rest of the world, if the Senate should fail to ratify all the treaties now before it.

TO GIVE JOBLESS AID

THE AMERICAN Federation of Labor, as a means of relieving unemployment, will put before Congress and urge the enactment of bills appropriating funds for waste land reclamation projects, and for development of the Mississippi river basin by control of flood water, increase of navigability, and drainage of lands. The report recommending the work was prepared by a special committee of the labor organization's legislative committee.

The committee stated in its report that the reclamation proposed would include governmental assistance to drainage work and clearing of logged-off lands, as well as irrigation of arid sections. It is expected that the value of the land reclaimed along the Mississippi will pay much of the cost of the work, "besides making seaports of some of our inland towns."

FOR THE FAIR SEX

THE LADIES are no doubt interested in securing all the information obtainable bearing upon their new privileges and duties as citizens. We are authorized to announce the following leaflets can be secured free upon request from the Woman's Department, Republican National Committee, Munsey Building, Washington, D. C.: "Ten Rules for Women Voters," "Plan of Organization for Republican Clubs," "The Individual and the Party," "Suggestions for Club Programs and Political Workers," "Brief History of the Maternity Bill," "Topics for Study in Citizenship and Government," "Why We Are Republicans," "Interesting Events and Birthdays for Every Month in the Year," "The First Year of the Harding Administration," "On the Road to Normalcy."

NEXT HOUSE REPUBLICAN

AT THIS time there appear to be the very best reasons for the confident belief, which is freely expressed, that the national House of Representatives to be chosen next fall will be Republican. The various special elections that have been held to fill the vacancies since the general elections in 1920 bear out this expectation.

There have been, here and there, manifestations of a slight quickening of Democratic interest, but nothing has developed to show that the people have wholly forgotten the conditions that prompted them to repudiate the Wilson Democracy as a great political party was never repudiated before in time of peace in this country.

THERE appears to be a good deal of agitation for a closed deer and moose season in Minnesota during 1922, and we understand the Governor has been asked to issue an executive order. The Legislature meets next winter, however, and it is doubtful if the Governor will interfere before that time.

HAVE YOU noticed that the same publicity agents who used the "he kept us out of war" slogan are now vociferously calling the present Congress a "do nothing" Congress?

OTHER PEOPLES IDEAS

WASHINGTON FLAXEN HAIR

To Editor Dispatch:

Professor Albert Bushnell Hart's assertion that Washington had red hair was taken up by several Dispatch correspondents. Carl Zapffe said he saw a lock of Washington's hair in a Masonic lodge on the west coast and it was blonde. This article from the Boston Transcript further substantiates the claim that Washington was "flaxen" haired and not red haired as Bushnell asserted.

Professor Albert Bushnell says that George Washington had red hair. But it chances that we have the evidence on this subject right in Boston. Just as we have Washington's books at the Athenaeum library, we have an authentic lock of his hair under glass at the old state house. The Listener was yesterday privileged to take this relic in his hands and examine it in every light, and he can positively state that its of the color properly described as flaxen. Viewed, indeed, toward the light, it takes on a slightly reddish hue, and it is quite possible that when seen in a mass it would have irradiated something of that divine tint in hair. But it certainly is not distinctively red. It appears that there is no question of the authenticity of this relic. It is accompanied by a certification that it was originally the property of General Henry Knox, whose close association with Washington is well known. He gave it to his daughter, Mrs. Lucy Flucker Knox Thatcher, whose sister Lavinia presented it in 1875 to Charles B. Brooks, one of the most careful antiquarians of the Bostonian society. Mr. Brooks was a man who never accepted a relic as genuine without the most careful inquiry.

All accounts agree that Washington had a fair complexion, of a rather florid cast, and blue eyes. When he retired from the command of the army in 1782 (being then 50 years of age) he explained, as he put on his spectacles, to read a few extemporaneous remarks, that "he had grown gray in the service of his country and now found himself growing blind." If he was gray at 50 his natural looks had doubtless, by the time he came to the presidency, lost any roseate hue that they may have possessed earlier in life. His remark on the occasion referred to seems to indicate that even as early as 1782 Washington had discarded the periwig, for if his head had been completely enveloped in one of those contrivances it would have been beneath the Washingtonian dignity to refer to the color of the hair concealed beneath it.

33 x 4½ "	67.00	42.85	36%
33 x 5 "	81.50	52.15	36%

HOW the cost of building quality tires has been brought down to the lowest level in history was explained by H. S. Firestone, President of the Company, to the stockholders at the annual meeting on December 15, 1921.

1. All inventories and commitments at or below the market.
2. Increased manufacturing efficiency and volume production reduced factory overhead 58%.
3. Selling costs reduced 38%.

Mr. Firestone stated, "This reduction in prices is made possible by our unusually advantageous buying facilities, and the enthusiasm, loyalty and determination of our 100% stockholding organization."

"Due credit must be given to Firestone dealers who are selling Firestone tires on a smaller margin of profit. This brings every Firestone saving direct to the car-owner."

The saving through first cost plus the saving through high mileage doubles Firestone economy and is daily adding new fame to the Firestone principle of service—

BRAINERD YOUTH SHOT TO DEATH

Ed Jenest Attempted to Rob a Grand
Forks Grocery Store Wednesday
Night and is Shot Down

WARRANTS FOR HIS ARREST

Sheriff Theorin Was Also After Him
on Charges of Robbing Bye & Pet-
erson Store in Brainerd

The Grand Forks Herald called up the Dispatch this morning to aid in unravelling a bandit case. The story as given by the Herald was that a young bandit, believed to be Ed Jenest of 809 Evergreen avenue, Brainerd, was shot and killed with his own gun after he had been bested in a free-for-all fight when he attempted to hold up J. H. Gleason and Frank Miller in the Gleason grocery store at Grand Forks at 8:50 o'clock Wednesday night.

The young gunman entered the store with the smiling and easy command "stick 'em up." Gleason and Miller who were seated near the door thought it was a practical joke. Gleason with his hands in his pockets said he had never "stuck 'em up yet."

The desperado knocked Gleason from his chair. He sprang from his position on the floor and grabbed the gun arm of his assailant and shouted to Miller for help. Two men grappled with the bandit and the gun flew from his hand.

Gleason secured the pistol and leaving Miller to hold their captive, went to telephone the police. Seeing that Miller was unable to hold the gunman, Gleason left the phone and went to his aid just as the man broke away and ran through the door. Gleason fired one shot and the bandit fell dead with a bullet in his head. The only other shot was fired when Gleason first grappled with the youth.

From letters found in a suitcase in a room occupied by the bandit at a local hotel, police believe him to have been Ed Jenest, 809 Evergreen avenue, Brainerd, Minn.

The Brainerd Angle

By a remarkable coincidence, it appears from a talk with Sheriff Claus A. Theorin that he had gotten a line on the activities of young Jenest and on Wednesday night had traced the boy to Grand Forks and notified the sheriff there to hold him on a charge of robbing Bye & Peterson store in Brainerd. The Grand Forks sheriff mentioned the attempted robbery of the grocery store in which a young man, answering Jenest's description, had been killed.

Sheriff Theorin told him to arrest the man Thursday morning. In the meantime the attempted robbery of the grocery store occurred and young Jenest was killed.

The latter wore a new spring suit and a spring cap with the Bye & Peterson label on it. His shoes were oxfords. In his suit case, a new one believed to have also been taken from Bye & Peterson, was found four or five new silk shirts, a manicure set, these articles believed to have been taken from Bye & Peterson. The ownership of three gold watches has not yet been established.

Jenest was shot back of the ear and death resulted almost instantly.

Jenest's Note Book

In Jenest's effects was found a note book which bore the names and addresses of many people, some being of Brainerd. One referred to Edith Olson.

Mrs. Edith Olson was found at the home of her parents, Mr. and Mrs. Johnson of 215 North Tenth street. She knew of Jenest and said he had told her he was going to Fargo last Friday.

Notifies Parents

Sheriff Theorin Thursday morning notified Mr. and Mrs. Albert Jenest of 809 Evergreen avenue, Northeast Brainerd, of the death of young Jenest and the father came to see the sheriff at the court house.

"If that is the kind of a boy he has turned out", said the elder Jenest, sadly to the sheriff, "he is better off dead."

The parents took the 2 o'clock afternoon train for Grand Forks to claim the body.

Coupled With Other Crimes

From a witness who it is said overheard young Jenest speaking with a third party, Sheriff Theorin gained information which led him to believe that young Jenest may have been implicated in the robbery of a house in Southeast Brainerd, where the burglar drove out a small boy and ransacked the house and got away with \$5. The same conversations were said to link up the young man with blackmailing letters sent to Con O'Brien, said the sheriff.

Arrest is Made

Thursday morning the sheriff arrested William Schellhorn of 120 Gil-

TO INDUCE HOME BUILDING IN CITY

Brainerd Building & Loan Association
Now Organized and Articles
Published Soon

STOCK TO BE SOLD IN BRAINERD

Only 38 Per Cent of American People
Own Their Own Homes, 62 Per
Cent are Paying Rent

The Brainerd Building and Loan Association, is now organized and it is well for the citizens of Brainerd to consider the purposes of this association and the possibilities for benefits, not only to the individual patron of the association, but the city of Brainerd.

The articles of incorporation provide that the business of the organization shall be confined to the corporate limits of the city of Brainerd, therefore, every transaction can be easily investigated.

The main object will be to induce home building and not making of profits. Only about 38 per cent of the American people own their own homes; the remaining 62 per cent are paying rent. Could every family enjoy, in a home, the freedom to which all are justly entitled, strife would cease and crime would be practically unknown. No one can estimate what civilization owes to man's dream of a home of his own. The gratification of this deep seated desire and the toll, the struggle and self denial by which it is won, refines, elevates and ennobles.

WORLD WAR VETS

Enthusiastic Meeting at Club Rooms
Last Night Wound Up With
Theatre Party

Gunard Erickson Post No. 10 of the World War Veterans met in regular session last night at the club rooms over the New Park theater. President Lawrence Clark presiding. About 75 members were present and considerable business was transacted.

Due to the treasurer, John Sundberg, having left town, the office was declared vacant and Walter Kaup was unanimously elected to fill the unexpired term. Ira Roderick was elected assistant secretary to help the secretary who has been overcrowded with work.

Many tickets to a benefit show at the New Park Monday and Tuesday evenings, for the Disabled Veterans of the World War were sold among the members.

After the business session Young Gould and Raymond Grant put on an exhibition boxing bout for the members of the post. The passing of the hat after the bout demonstrated that all were well pleased, a neat little sum being collected for the boys.

After the bout the Post was entertained by Manager Force of the New Park theatre at the second show. The members wish to express their appreciation to the management of the theater and everyone greatly enjoyed the splendid pictures shown.

OUTLOOK FOR RANGE WORK IS HOPEFUL

Many Additional Mines on Minnesota
Ranges Put to Work, Labor
Situation Improved

OLIVER IRON MINING COMPANY

Operating its Chisholm and Clark
Mines at Chisholm on Full Time
and Pushing Stripping

Operators of iron mining properties on Minnesota ranges are taking a more hopeful view of the industrial situation and expect to receive word from headquarters soon to resume at many mines.

Many additional men have been put to work on the ranges and from present outlook it is thought that the labor situation in the district will be greatly improved between now and the opening of the lake navigation season.

Oliver Iron Mining company is operating its Chisholm and Clark mines at Chisholm on full time and pushing its Spruce-A. mine stripping operations. Stockpiling is at the same time proceeding at its Spruce mine.

Hanna Ore Mining company is an active operator on the Mesabi range. Its Fay, Hobart, Thorne, Harold and Leonard mines are running on full time, and considerable ore will have been piled by the opening of navigation. The Winston-Dear company has arranged to resume stripping at the Boeing mine at Hibbing, Minn., on its contract from the Mesabi-Chiffs Iron Mining company.

As Mesabi conditions furnish an indication as to the extent of the mining revival, optimistic range men hope it will be reflected in a mining revival on the Cuyuna iron range in Crow Wing county. More business on the Cuyuna iron range will do its share to give better tone to business conditions in that section and will ultimately benefit the whole country.

Modern Woodman of America will initiate a class of 40 new members, Friday, March 24, 1922. Important business matters to come up. All members requested to be present.

AMUSEMENTS

"The Wonderful Thing"

One of the most notable casts ever assembled in a motion picture production supports Norma Talmadge in "The Wonderful Thing," which will be the attraction at the New Park last time tonight. With the single exception of Mrs. Lydig Hoyt, who makes her first professional appearance in the production, the principals are all players who are widely known to motion picture audiences.

Mrs. Hoyt has long enjoyed a splendid reputation as an actress, but her appearances have been confined to amateur theatricals in New York and Newport society. Mrs. Hoyt is one of the leaders of eastern society and recently decided to organize her own motion picture producing company to escape from the ennui which society routine engendered. Her ability as an actress was the only consideration which won her the opportunity of acquiring motion picture experience. She is cast in the role of Catherine Manerby Truesdale, the leader of the opposition to the acceptance of Jacqueline Boggs (played by Miss Talmadge) as a member of the highly aristocratic English family of which she is a member.

"Man-Woman-Marriage"

It was announced today that Associated First National Pictures, Inc., would present the drama eternal "Man-Woman-Marriage" at the New Park theatre on Friday and Saturday. This super-production is said to mark the last word in richness of presentation and investiture. That it will prove the screen sensation of 1922 is predicted by the leading motion picture critics.

Some idea of the magnitude of the task of making this drama can be formed from the authoritative statement that over four hundred thousand feet of film went into its construction. Batteries of cameras were directed on some of the massive scenes, yet the completed film is in only nine reels. In other words, the film was boiled down to less than two per cent of the total length "shot."

Sub-titled "The Love Woman" this intimate exposition of social relations of man and woman promises to set tongues wagging over never settled questions.

Holubar has his own ideas as to how the strife between the Male and the Female of the species ought to be composed, and he does not hesitate to state it in terms of dramatic situations; but acceptance of the theories may be granted or withheld by the picture-patron without interfering in the least with the thrill and tug and vigor of the real, vital drama of the play.

"Thunderclap," Fox Picture, A Thriller

"Thunderclap," the William Fox picture, opened at the Lyceum Theatre yesterday for a run of two days. This production brought with it some of the greatest sporting incidents that have ever been shown on the local screen as well as an excellent cast.

Mary Carr, the great mother in "Over the Hill," played the leading part with Violet Mersereau, Paul Willis, J. Barney Sherry, John Daly Murphy and others supporting. Again the "great mother" scored, but this time she was deprived of the use of her body and speech. A great opportunity for Mary Carr and a wonderful performance by her.

The truly remarkable scene showing young Tommy, on top of a board, riding a tempestuous rapids was thrill number one. The second was the horse race. This race set the spectators applauding and shouting for victory.

The picture told the story of a convent-bred girl brought by her step-father to his gambling establishment to act as hostess. She discovered that her mother was paralyzed and unable to move or speak. Although the girl did not know it, this injury was inflicted by her step-father because the mother threatened to reveal his crooked methods. The hero, working as

servant to the gambler, rescued the girl from an opium den in Chinatown and rode his horse to victory, thus preventing his sweetheart's marriage to the gambler friend of her step-

Violet Mersereau in "Thunderclap" William Fox Production

father. A customer who had found out the crookedness of the step-father killed him just as he was about to shoot the mother of the girl.

The shock of this tragedy restored the mother's power to move and speak and she was left to comfort her daughter and her daughter's sweetheart. It will be shown again tonight for the last time.

Constance Talmadge Coming Friday Only

As Sallie Waters of "Up the Road with Sallie," Constance Talmadge will be the star attraction at the Lyceum theatre on Friday, "family night."

The novel, of which this is the picturization, will be remembered as the most popular best seller of its year, and Frances Sterrett surely must have had Constance Talmadge in mind when she drew this picture of the irresistibly vivacious and loveable young woman who goes forth to seek adventures. They come so thick and fast that even she is more than satisfied and glad to settle down before the end is reached.

Homely Babies Popular.

"Homely babies, especially those with freckles and red hair, are adopted, as a rule, more quickly than pretty babies," said the nurse in charge of a ward in one of Detroit's homes for orphans. "It seems that pretty babies, relying upon their good looks, fall to attract the attention of prospective foster-parents, while infants who were neglected when good looks were passed out, win their way into the hearts of childless couples through their happy smiles and flashing eyes."

Keep Coal Dry.

If coal is kept in a dry, airy place it will burn much better than if placed in a close, poorly ventilated cellar. Coal that is excluded from the air soon gets rid of its gas and the absence of this renders it more wasteful when burned.

Trapping is being carried on more extensively this season than for the last ten years, and the catch is abnormal, reports the manager of the Winnipeg Fur Auction Sales company.

Economic laws work as rigidly in the fur north as elsewhere. A shortage of any commodity runs prices up. Then high prices lure larger production. With the supply increased, price slumps. Then production falls off.

It's the eternal merry-go-round, with speculators playing the turn in the market.

DARKEN GRAY HAIR, LOOK YOUNG, PRETTY

Sage Tea and Sulphur Darkens So Naturally That Nobody Can Tell

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Indigestion Unchecked Leads to Poisoning!

Fermentation of Food in Digestive Organs Cause of Trouble

If you suffer from indigestion it is a sure sign that your system is being slowly poisoned by the fermentation in the intestines. This condition produces heartburn, choking sensations in the chest, a feeling of heaviness or drowsiness, irritability, discouragement and despondency.

Mr. M. J. Christopher, 5724 Keyser Street, Germantown, Pa., long a sufferer from indigestion, writes:

"Before using Dr. A. W. Chase's medicine, I felt so badly that I did not care whether I lived or died. I suffered from indigestion and my stomach would be so upset that even a piece of bread and a cup of coffee would give me great pain. Since taking Dr. A. W. Chase's K-L Pills I can eat almost anything without feeling any after-effects. The sore, aching feeling which I used to have in the lower part of my back is gone, and I feel so ambitious to do many things which I could not do before."

You can buy Dr. A. W. Chase's remedies at all drug stores. To be sure of getting the genuine, see that portrait and signature of A. W. Chase, M.D., are on each box. This trade mark is your protection against imitations and substitutes.—Advertisement.

A Remarkable Home Treatment

Given by One Who Had It

In the year of 1893 I was attacked by Muscular and Sub-acute Rheumatism. I suffered as only those who are thus afflicted know, for over three years. I tried relief after remedy, but such relief as I obtained was only temporary. Finally, I found a treatment that cured me completely, and such a pitiful condition has never returned. I have given it to a number who were terribly afflicted, even bedridden, some of them seventy to eighty years old, and the results were the same as in my own case. I want every sufferer from any form of muscular and sub-acute (swelling at the joints) rheumatism, to try the great value of my improved "Home Treatment" for its remarkable all-powerful. Don't send a cent—simply mail your name and address and I will send it free to try.
